

13th February 2020

Dear South Island Pony Club Members,

**Wanted
Information Memories Photos**

In 2021 Springston Pony Club is hosting the 50th Springston Trophy and as part of the celebration we are looking to make a display around the history of the event and we are even considering publishing a history of the first 50 years .

To achieve this we require your help. We want stories from past competitors at the event especially in the early years but really stories covering all the years . We would also like photos of all the winning teams.

Please do not send original photos (we would hate to lose same) but rather take photos of same and ensure they are high quality and if possible high resolution. Please include where possible with any the photos, the names of all riders and horses coaches and managers, if they have married since could you include their name now ie Anne Flintstone (nee Smith).

We want to include some funny stories , stories of hard times etc plus those one in a million photos . If professional photos please state, where possible, the photographers name so we can seek permission to publish.

Over the past 50 years a number of clubs and branches have disbanded or amalgamated . Please pass this letter to anyone you feel may be interested in providing information

It seems like a long way off but in order to publish we need a long lead in time so are requesting you submit all material to us by no later than September 2020 to Anne Atkins 4 Leithfield Road RD1 Amberley 7481 or anneatkins49@gmail.com. Should you want to discuss the above request either email or phone me on 0272839072

Thanking you in advance

Sincerely
Anne Atkins
